Re: Global Harmonized System Compliance

To Whom It May Concern:

Daubert Cromwell is implementing plans to comply with the new Globally Harmonized System (GHS) for the Classification and Labeling of Chemicals. We have met all the requirements to date, and are on pace to meet all deadlines for regulatory compliance as follows:

Effective Completion Date	Requirement(s)	Daubert Cromwell Status
December 1, 2013	Train employees on the new label elements and safety data sheet (SDS) format.	Complete. Education and training programs are ongoing.
June 1, 2015	Chemical manufacturers, importers, distributors and employers must comply with the ruling.	On target to meet all requirements for compliance

Daubert Cromwell is working to meet the June 1, 2015 deadline for updated SDS and labels for all applicable products. The transition will be phased in over the next few months. For more information, contact your Regional Sales Manager or call me at +1-708-293-7750, ext.161.

Sincerely,

Sunil Dhoot, PhD
Technical Director
Daubert Cromwell
